

In response to potential KLOVE station to new service as LPFM...I am opposed. K_LOVE serves me & the community in a positive manner. IF K-LOVE were displaced by an LPFM the community would be left without the positive benefits of K-LOVE. Other christian stations serve our area but all have talk radio format, unlike K-LOVE which reaches those who need an upbeat and positive, love filled message in a music format. Without K-LOVE, others including my teenage daughter would listen to negative music with lyrics glorifying sex, drugs, and violence to women instead of music glorifying God & family. Please keep our signal as is if not even stronger!! Thank you
